If no - please state how you plan to include principles of D&I within your organisation.	n/a
Reporting requirements from participants	<b>This section will not be assessed by the judging panel.</b>
We will ask semi-finalists and finalists to help us track information to understand the overall impact of the challenge.	<b>This information will not be used in the judges' decision-making.</b>  <b>This will include:</b> - <b>Tracking some specific demographic information about your end users (including gender, ethnicity, and educational background). This will help us understand who the Challenge is reaching and supporting. We will work with semi-finalists to support you to track this information in a way that aligns with your solution.</b> - <b>Speaking with an external impact evaluator organised by Nesta.</b>
I confirm that I and any co-applicants (if entering in partnership with other organisation(s)) have read the reporting requirements and agree to accurately track this information to the best of our ability:	<b>true</b>
Please use the box below to describe if you anticipate any challenges meeting these reporting requirements:	<b>Test</b>
Has the lead organisation received state aid in the past three years?	<b>Yes</b>
If yes, how much did you receive and what was it intended for?	n/a

Does your organisation have a GDPR policy?	<b>Yes</b>
Section 2: Your Solution	<b>This section will be assessed by the judging panel.</b>
Section 2.1: Summary	<b>Your answers in this section should provide an overview of your solution.</b>
Which stream are you submitting your solution to?	<b>Financial recovery</b>
Please provide a summary of your solution and how it addresses the Challenge statement found here <a href="https://rapidrecovery.challenges.org/the-purpose-of-the-challenge/">https://rapidrecovery.challenges.org/the-purpose-of-the-challenge/</a>	<b>Test</b>
Please indicate your solution's target end user(s):	<b>Those currently or recently (within the past 12 months) in low paid roles. "Low paid" is defined as earning less than £18,252 / year (60% or less the national median annual pay in 2019, £30,420).</b>
At what stage of development is your solution? How many users have you reached so far?	<b>Test</b>
At a high-level, if selected as a semi-finalist, what work would you look to undertake during the course of the challenge to adapt, test, validate and scale your solution to the Challenge's target end users?	<b>Test</b>
Section 2.2: Impact	<b>These questions relate to the Impact assessment criterion. Solutions should make a meaningful and sustained impact on the lives of the Challenge's target end users.</b>
Please describe the end users of your solution in more depth and their specific needs. How do you know that the problem you're addressing is important to them?	<b>Test</b>
How will your solution help your target end users address the barriers they face in securing jobs and/or managing their finances due to the economic shock created by COVID-19?	<b>Test</b>
If selected as a semi-finalist, what metrics would you use to measure the impact of your solution?	<b>Test</b>
Section 2.3: Innovation	<b>These questions relate to the Innovation assessment criterion. We expect solutions to integrate and build on existing best practice, and to offer something that is different to or better than existing solutions.</b>

How is your solution innovative? What similar solutions exist (if any) and how is yours better or different? **Test**

---

Section 2.4: Feasibility **These questions relate to the Feasibility assessment criterion. Solutions should be easy for the Challenge's target end users to access and should take into account their needs. Considerations should include: practical ability to access solutions both online and offline, affordability, digital literacy as well as other preferences highlighted in consultation with your end user group.**

---

How have you engaged the Challenge's target end users in the design and development of your solution thus far? If you have not engaged the Challenge's target end users, what work have you undertaken to understand their needs? **Test**

---

What approach will you take to make your solution accessible and engaging to your end users? Do you anticipate varying needs amongst your end users and if so, how will you accommodate for this? **Test**

---

What data (if any) will you need to collect from your end users? **Test**

---

How much will your product cost the end user (if anything)? How will you ensure affordability for those most in need? **Test**

---

Section 2.5: Scaling **These questions relate to the Scaling assessment criterion. There should be a credible plan to reach the Challenge's target end users with your solution. Solutions should have the potential to scale within the UK, with a clear strategy that is financially viable and within the timelines of the challenge.**

---

Please estimate the number of the Challenge's target end users your solution could reach between now and 2023 and explain how you have arrived at this number. **Test**

---

What is your proposed scaling strategy and how will you test this strategy during the Challenge? Please outline any plans, including communications and partnerships. **Test**

---

Section 2.6: Capability **These questions relate to the Capability assessment criterion. Your team and organisation should have the track record, skills, experience and resources (including partnerships) to successfully adapt and scale your solution as required within the timelines of the Challenge.**

---

If your solution is technology-enabled, please describe the technology underpinning your solution.	<b>Test</b>
What do you expect to be the biggest risks or challenges in developing and scaling your solution and how do you plan to overcome these?	<b>Test</b>
What are the relevant skills and experience of the team working on the solution?	<b>Test</b>
How does your proposed solution fit within your wider organisational strategy? Do you have executive level buy in for your participation in the Challenge?	<b>Test</b>
Section 3: Due diligence	<p><b>We will be using the due diligence platform DueDil to identify any red flags that should be brought to the attention of the judges. The judges will have the final say in which applicants are selected.</b></p> <p><b>This section should be completed by the Lead applicant. If additional organisations are applying as co-applicants, please attach a Word document at the bottom of this section answering the same questions for each co-applicant.</b></p>
